**500** PEOPLE  
**4** SITES

**4** BUSINESS AREAS

- Security & Defence
- Transportation
- Air Operations
- Avionics

**150M€** REVENUES/YEAR

Air Traffic Management

Commercial avionics

Rail signalling systems

Military tactical systems

Cyber Security

Critical in Infrastructure

- **mercato della sicurezza**, con competenze nella protezione e sorveglianza d'infrastrutture critiche (aeroporti e siti sensibili) e nella cybersecurity;
- **mercato della difesa**, con competenze nelle reti e nei sistemi di comunicazione;
- **mercato dei trasporti**, con competenze nei sistemi tecnologici per metropolitane, tramvie e ferrovie e nel ticketing;
- **mercato della gestione del traffico aereo**, con competenze nei sistemi di atterraggio, navigazione e sorveglianza.
- **Mercato Avionico**

# Land and Air Systems (LAS)

## Thales Italia offer:

- Landing, navigation and control systems
- In flight care systems
- Traditional and satellite navigation systems
- Surveillance systems and airport ground traffic control

- ◆ Tacan for USAF, Pakistan, Alenia Aermacchi
- ◆ Nav aids products for Marshall (UK MOD)
- ◆ China – Air traffic management system
- ◆ Enav – Air traffic management system
- ◆ Air Force (DVOR/DME Gioia del Colle, Tacan upgrade, ILS Mobile, MLS Ghedi)
- ◆ ILS “Deployable” for Italian Air Force and USAF

**COMPETENCE CENTER**

Nav aids Solutions

**THALES**

# SIX Domain – Security and Defence activities

## Thales Italia offer:

- Security, supervision, control and information management systems for sensitive and critical infrastructures (ports, airports, oil&gas infrastructures, roads)
- Products, solutions and services for cybersecurity
- Infrastructural and tactical telecommunication systems and networks

- ◆ Dubai Airport T3 C2/C3 - Integrated security solution
- ◆ Lyon Airport & JFK NY – AOCC
- ◆ Oman and Bahrain Airports – Integrated security
- ◆ Agip Kashagan - O&G security
- ◆ ENI Zubair Iraq –O&G security
- ◆ Poste and ENAV Physical Security
- ◆ RIFON and RNI MOD networks and Services
- ◆ Enterprise & Institutional customers (including MoD)– Secure info & trust mgmt. & Cybersecurity consulting
- ◆ CBRN vehicles and labs for MOD
- ◆ MOI security networks

## MAIN COMPETENCES

- Airports Security & Operations
- Critical Infrastructure Protection
- Cybersecurity
- MoD Networks and Systems

**THALES**

# Critical Information Systems and Cybersecurity

## A complete range of solutions...

Critical Systems and Software Services

Cybersecurity Technologies and Solutions

Thales e-Security

Cybersecurity Consulting and Evaluation

Critical IT Outsourcing

Cybersecurity Operation

## ... for end-to-end data security

THALES

# Ground Transportation Systems (GTS)

## Thales Italia offer:

- Tramway and railway signalling
- Security, supervision, control and information management systems for transportation infrastructures
- Contactless solutions for integrated fare systems
- Tunnel Security
- Telecommunication , Passengers information , SCADA , TVCC , onboard systems
- Assets Security and Energy saving

- ◆ Dubai Metro Green and Red Line - Telecom and Security system
- ◆ Metro Cairo L3 – Telecom and Security system
- ◆ Lusail LRT – Ticketing for tramway lines
- ◆ Catania-Circumetnea Metro Line –Security and signalling systems
- ◆ Palermo - tramway system
- ◆ Taiwan – Danhai Tramway Line
- ◆ Mexico – Ticketing system for BRT Line 6

**COMPETENCE CENTERS**

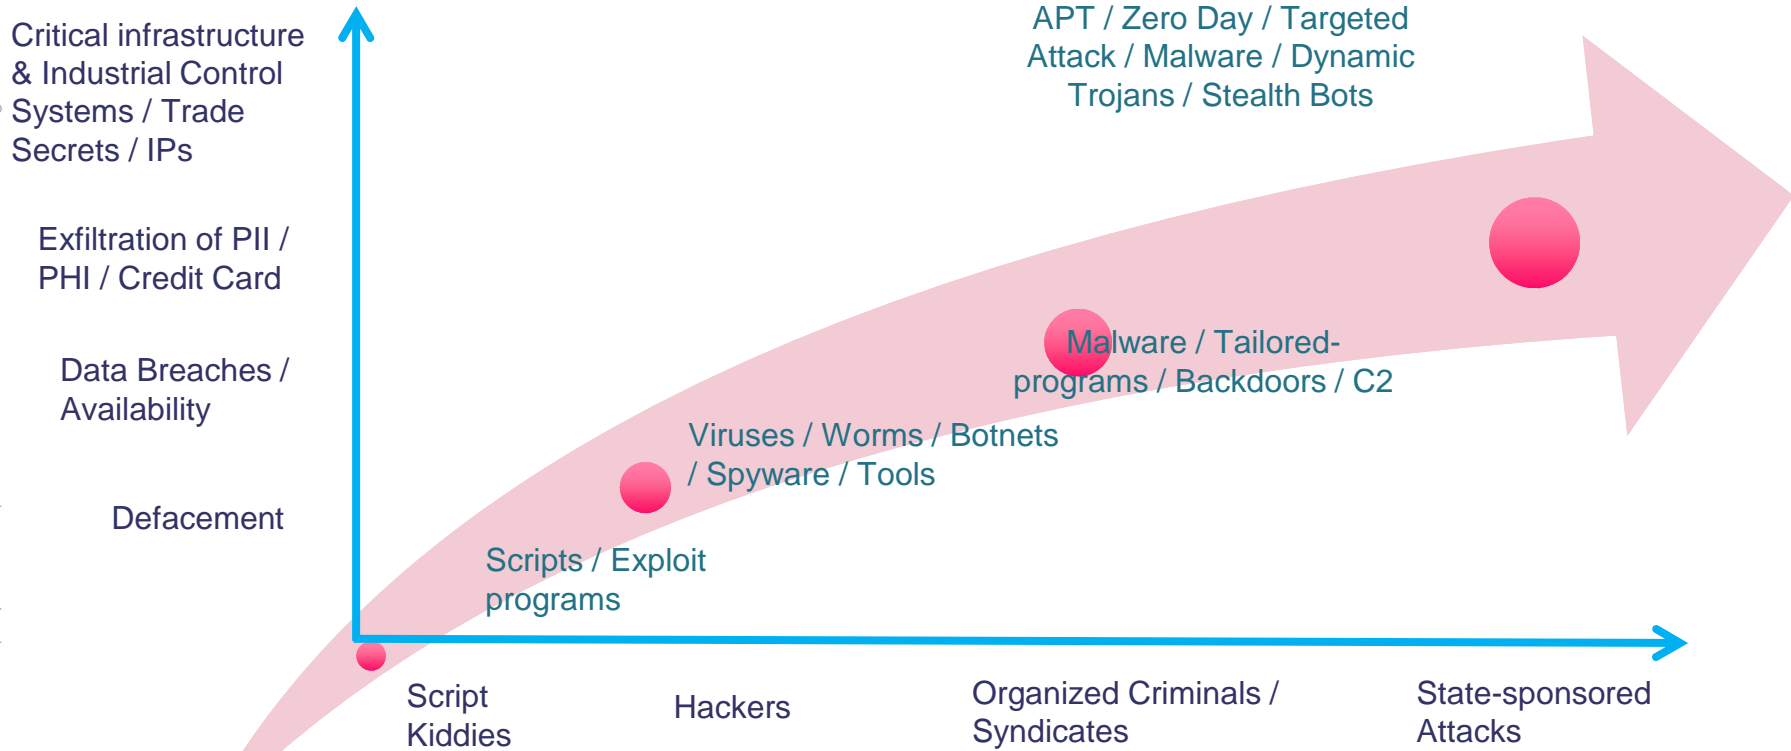

- Tramway Solutions
- Ticketing Solutions
- Rail, metro and tunnel infrastructure protection

# Cyber Security Landscape – Sophistication of Attacks

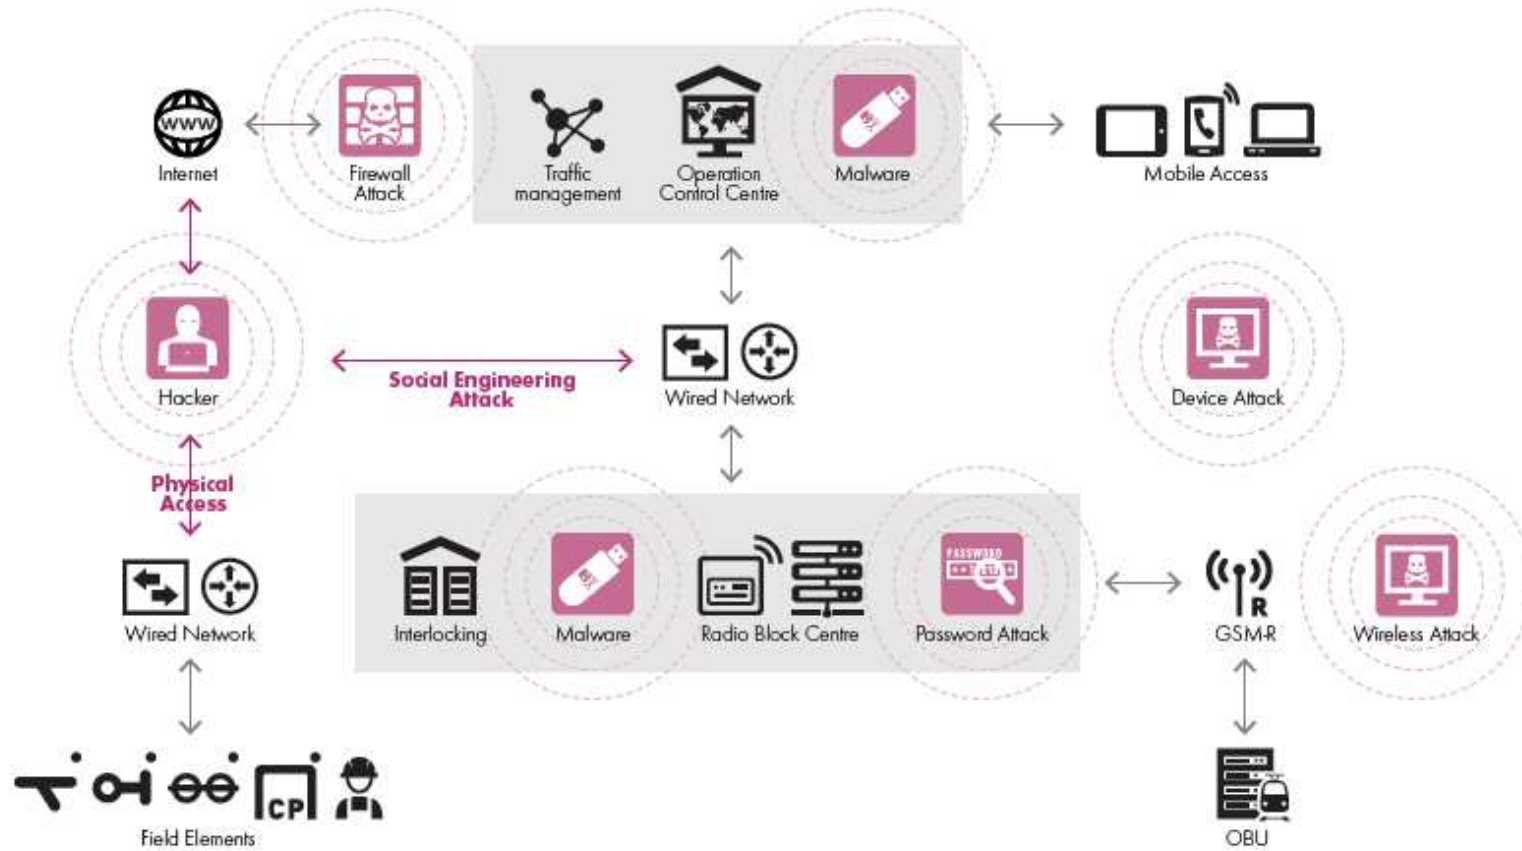

Content may not be reproduced, modified, adapted, published, translated, in any way, in whole or in part, without the prior written consent of Thales. © Thales 2015. All rights reserved.

The chessboard for hackers has changed: evolving from private and individual targets, now to threatening government and national critical infrastructure on a global scale

# Threats We are Facing Every Day
